

**MISSION OF THE PEOPLE'S REPUBLIC OF CHINA
TO THE EUROPEAN COMMUNITIES
中华人民共和国驻欧共同体使团经济商务参赞处**

ECONOMIC AND COMMERCIAL COUNSELLOR'S OFFICE

N. V. 03/2005

NOTE VERBALE

The Mission of the People's Republic of China to the European Communities presents its compliments to the Directorate General for Environmental Protection, Ministry of Housing, Spatial Planning and the Environment of the Kingdom of Netherlands and has the honour to inform the latter the following:

According to current Chinese environment legislation, scrap motor (Chinese HS code 7204.0000.10) could be imported to China from EU Member States. A mandate issued by State Environmental Protection Administration of China to our Mission on March 3, 2004 further stipulates that no control procedure in this regard from authorities in EU is required.

It would be very much appreciated if the competent authorities in EU could take any appropriate measures so that the trade between China and EU on scrap motor could be continued.

The Mission of the People's Republic of China to the European Communities avails itself of this opportunity to renew to the Directorate General for Environmental Protection, Ministry of Housing, Spatial Planning and the Environment of the Kingdom of Netherlands the assurance of its highest consideration.

Brussels,

May 09, 2005

Directorate General for Environmental Protection
Ministry of Housing, Spatial Planning and the Environment
The Kingdom of Netherlands
