Dear Mr. Dürrenberger,

In response to questions from our parliament our State Secretary for the Environment has agreed to ask for the raw data from the research that led to the article "UMTS Base Station-like Exposure, Well-Being, and Cognitive Performance", Regel *et al.* 2006 as published in the Environmental Health Perspectives.

Taking into account the indications of our State Secretary for the Environment I would like to formally request the raw data or any other information related to the above mentioned research that can be disclosed to the public, such as technical measurement protocol, measurement results, questions used in the questionnaires, etc.

If for any reason, your organization is of the opinion that certain types of data can not be made available to the public, then please indicate the rationale for that position.

Yours sincerely,

Mr. A. van Limborch  
Head of the Radiation Protection,  
Nuclear and Biosafety Division.
